**ICE QUICK RELEASE (QR)  
LEVERS FOR RIGID FRONT  
MUDGUARDS (PAIR)**

**\$10.00**

This pair of quick releases allows you to remove the front mudguards/fenders without tools for dry rides or extreme folding situations where the size of the folded package needs to be reduced as much as possible. This kit is only compatible with ICE's rigid front mudguards. Any color you want, as long as it's black.

**Not For ICE's Suspension Mudguards**
