ICE BANANA RACER (PAIR)

~~\$225.78~~ **\$199.00**

The Banana Racer recumbent panniers don't need a rack, they are fully suspended from the seat. A solution for recumbents that can't take rack bags or seat bags. With foam reinforcement and mesh pockets. One Banana Racer consists of a left and a right pannier, connected by adjustable straps. Banana Racer panniers fit both hard shell and mesh seats. Much like the ICE Special Sidepods for standard seats, but with adjustable straps instead of seat bar clips (the universal bag uses a third strap), and no ICE logo.
